Floating Over The Imperial Palace of China.

Poyal Occupants Skipped Out When Pekin Fell Into the Hands of the Allies.

Washington, Aug. 22.—A dispatch from Admiral Remy at Che Foo announces that the American troops were the first to enter the imperial city of Pekin and were attacking the forbidden city. The morning of the 19th the Sixth cavalry and about 400 English and Japanese dispersed about 1,000 Boxers eight miles outside of Tien Tsin. About 100 Chinese were killed and five Americans wounded. Gen. Chaffee's losses have been six killed and thirty wounded in two days fighting. The forbidden city is the inner enclosure of the imperial city of Pekin.

The foreign envoys in Pekin, are proceeding to Tien-Tsin. The sacred city was entered August 15, two days earlier than Rear Admiral Bruce reported.

"The flags of the allies," says a Shanghai correspondent, "are now floating over the Imperial Palace. Street fighting, however, continues. Considerable assistance in the capture of Peking was rendered by 4,000 armed native Christians. The legations were enabled to hold out by purchasing ammunition from the Chinese."

The relief party entered the city the night of the 14th.

The people in the legations were well but somewhat starved.

Minister Conger said:

"They tried to annihilate us the day before you got in."

Prince Ching, president of Tsung Li Yamen, sent word that his officers had received orders to cease firing on us under pain of death.

"At 7 o'clock in the evening of the same day the Chinese opened fire, and this continued all day."

"If the relieving column had not arrived when it did, we should probably have succumbed."

"The Americans lost seven marines killed and fifteen wounded, and one child died."

"The whole movement is purely a governmental one. The Boxers are only a pretense, having no guns."

"The confidential advisor of the empress was the leader of the imperial troops."

"In eleven days over two thousand shells fell among us."

"The imperial family left four days ago for Shan Si province."

"It is estimated that the strength of the Pekin garrison was 10,000 men."

"The legation was urged to leave the city under an escort of Chinese troops, but refused, fearing treachery."

"The Chinese in the imperial city made a stout resistance."

"After shelling them the allies succeeded in forcing the gate and entering the city about noon on the 15th."

"The American loss in the action was the greatest."

"Capt. Reilly of the Fifth artillery was killed."

"The total casualties during the siege of the legations were 67 killed and 120 wounded."

### HOT SPELL ENDS.

Welcome Change Comes Wednesday Evening.

A long drawn out hot spell, that began early in August, came to an end on the evening of the 22nd when the mercury dropped to a more respectable point. The change was not a cold spell by any means, but the excessive heat was succeeded by ordinary summer weather. During the three weeks of torrid weather, the mercury did not fall any day to go into the nineties and several days it was over 100 degrees.

### YOUTSEY SICK.

And His Case Goes Over Until October.

Three of the Assassins Granted Bail For \$3,000 Each—Motion For New Trial.

Georgetown, Ky., Aug. 22.—The trial of Henry E. Youtsey, charged with the murder of Gov. Goebel, was to-day continued by Judge Cantrill until October 2, the beginning of the term of the Scott county Circuit Court, Cols. L. J. Crawford and R. W. Nelson, the prisoner's counsel, presented the affidavit of Dr. W. H. Coffman, in which he swore that Youtsey was suffering from a severe case of typhoid-malarial fever and was not physically able to stand the strain of a trial. Commonwealth's Attorney Franklin read the affidavit and said that he would not force the prisoner into a trial and asked that an order be entered continuing the case until the October term of the court.

### Three Other Cases Continued.

Judge Cantrill allowed the order to be entered, and instructed the Sheriff to discharge the special venire. Then by an agreement between the attorneys of both sides the cases of Holland Whitaker, Capt. John Davis and "Tallow Dick" Combs were also continued until in October. Upon the motion of Mr. Franklin, Whitaker, Davis and Combs were granted bail in the sum of \$3,000 each for their appearance in the Scott county circuit court October 2.

### Motion For a New Trial.

Caleb Powers, through his attorneys, filed his application for a new trial this morning, and set forth twenty-one reasons why he believes he is entitled to a second hearing. The case has not yet been passed on.

### Davis Released on Bond.

Davis gave bond late this afternoon, Judge James Finnell, of Georgetown, and Col. L. J. Crawford, of Newport, becoming his surety. The prisoner was glad to get out into the open air and left to-night to join his wife and children in Frankfort. Mr. Kinkadee says that Whitaker and Combs will secure bondsmen to-morrow.

### COTTAGE BURNED.

Fire Destroyed the Residence of Mrs. Jane Pyle.

A small frame cottage at 1227 South Virginia street, occupied by Mrs. Jane E. Pyle, was burned about noon Tuesday, and entirely destroyed together with most of its contents. The fire was first discovered in the roof and burned so rapidly that the department found but little to save upon its arrival. The origin of the fire is not known. The building was owned by A. W. Pyle and was erected only a few years ago at cost of \$600. It was insured for \$350. Mrs. Pyle lost a large part of her household effects, upon which there was no insurance.

### PONY RAN OFF

And Little Boy Gets Battered Up.

Jilson Warfield, aged eleven years, son of Mr. A. G. Warfield, was injured in a runaway accident Tuesday night. He was driving a pony to a cart and the animal ran away on South Main street, throwing the driver out and dislocating one shoulder. Other hurts in the way of cuts and bruises were sustained.

### The Cave Excursion.

About 30 persons went on the Mammoth Cave Excursion Tuesday morning and nearly all of them remained over two days, retruning home Wednesday night.

## MAJ. J. O. FERRELL'S

High School Will Open Next Monday August 27th.

The fall session of Maj. J. O. Ferrell's High School will begin next Monday, August 27th, and will be the first of the school openings. This select school for a limited number of pupils is now in its 23rd year under Maj. Ferrell's management and its success in all these years is its highest testimonial. There are usually a dozen or more boarding pupils who board with the principal and about the same number of day pupils. The course is more advanced than the Public Schools and many boys who intend going to college attend this school to take a training or preparatory course. Two or three first honor men at Centre College within the last few years received their preparatory instruction under Maj. Ferrell. The last of these was Jas. A. McKee, Jr., who graduated from Centre last year.

## HABEAS CORPUS CASE.

Suit Over The Possession of Edgar Nave Wells.

A habeas corpus case was called in Judge Cansler's court yesterday, but the county judge requested city Judge Campbell to hear the case and the trial was in progress when we went to press.

The suit is over the possession of Edgar Nave alias Wells, a nine-year-old child. Seven years ago Mrs. Mary Nave, the mother of the child, gave him to Mrs. J. F. Wells, who adopted him and has raised him as her own child. Mrs. Nave now sues for the possession of the child. Edgar was not adopted according to the forms of law and hence the suit over his possession. The boy is very much attached to Mrs. Wells and appeared with her in the court room.

## PROTRACTED MEETING

A series of meetings will begin at Little River Baptist church, near Pee Dee, on to-morrow, August 25. Morning service at 10 o'clock. Rev. W. S. Roney, of Trenton, Ky., will assist the pastor, Rev. C. E. Perryman. The meeting will continue for about two weeks.

## A Bride The Stake.

Miss Mary Johnson is the stake in the freest election bet ever made. Her home is in Haskell county, Kan. So is Howard's. Howard wants to marry the girl. Miss Johnson's father, J. B. Johnson, is for McKinley. Howard is an enthusiastic Bryanite. The two men had heated arguments. Mary was broken-hearted because papa Johnson forbade Howard the house. Finally a compromise was agreed upon. If Bryan is elected, Howard is to have the girl. If McKinley is elected, Howard has agreed to give up his love and never see her again.

Kentucky blood was shed in the fighting in China. Private Adam House, of Louisville, and Private Paschaly Smith, of Middlesboro, were wounded at Yang Tsun, August 6. Private Harvey Collins, of Williamstown, died August 15.

## KILLED THE BRIDE.

Americans Massacre a Wedding Party in the Philippines.

Thomas W. Jones, private in Troop G, 11th Cavalry, U. S. V., writing from Santa Cruz, Philippine Islands, to his brother George Jones, in Washington, D. C., under date of June 27, describes a massacre of Filipinos in which he took part on June 25 and which he relates as quite in the line of his ordinary duties. He tells how 60 members of his regiment were ordered out to kill or capture a famous Filipino General, known to be living in the neighborhood. After some rough scouting, the General's house was located and the Americans crawled through the underbrush until they secured positions but a few yards distant. Then they discovered that they had unwittingly chanced upon a wedding. There was a large crowd present to take part in the festivities. Most of them, of course, were women and children, but there were about 75 men present who were armed. The Americans were ordered to fire a volley from ambush and then charge; which they did with terrible results.

"The scene that resulted was horrible," writes Private Jones. "On the ground near the house lay the body of the bride, whose brains had been blown out. The groom, who had received a bullet in the stomach, was lying near by in a dying condition. Twelve of the Filipinos had been killed and about the same number wounded. An elderly woman was shot through the leg and a little child had her arm shot off. 'But' adds Private Jones cheerfully, 'we got the old General all right and we burned the insurgent's quarters before we left.'"

"This is the kind of imperial civilization this Administration is patently bringing to the Filipinos; and probably Jones' letter is not an unfair description of the sort of warfare this great government is waging against these far away islanders (whose only crime is their love of liberty) in furtherance of 'the just responsibilities of our victories in the Spanish war.'"

It may also be remembered that the Imperial English troops found "good pig sticking" in South Africa.

Mr. W. T. Wadlington and family, of Gracey, moved to town this week and occupied the Max Moayan house on North Main street. Mr. Wadlington's removal from the Gracey neighborhood is a source of general regret. We welcome him and his family to the city.

## PROSPERITY FIGURES.

How The Trusts Are Robbing The Farmers.

Here are a few of the reasons why the "plain people" are not inclined to meekly accept the inspired statements of the Trust organs and speakers showing what a natural, necessary and beneficent institution the Trust is.

It requires 50 per cent more wheat to buy a stone than it did in 1896. It requires 20 bushels more corn to buy a wagon than it did in 1896. It requires 100 per cent more corn or wheat to buy a crope kept than in 1875.

It requires twice as much corn to buy a coil of rope as in 1896.

It requires 40 per cent more grain to buy a plow than in 1896.

It requires 75 per cent more grain to buy a hoe, a rake or a shovel than in 1896.

A set of common wheels that cost \$7 in '96, now cost \$12. The price of cultivators and other farm implements has gone up proportionately.

Galvanized barbed wire costs from \$4 to \$4.50 per hundred more than in 1896.

It requires forty per cent more corn or cotton to buy a pound of sugar than in 1896.

You have to pay 40 per cent more for glass than in 1896.

Freight rates have climbed back to the exorbitant figures which caused a popular revolt in legislation a few years ago.

The price of oil, coal, lumber tools and hardware has gone up from 40 to 100 per cent.

And all these things have been done by trusts.

A trust robs you waking or sleeping, eating or drinking, working or playing, living or dying, and the Coffee Trust gets you in the end.

## WAR TAXES.

Enormous and Useless Burden the People Have to Bear.

In an official communication to Chairman Richardson, under date of August 2, 1900, Hon. Lyman J. Gage, Secretary of the Treasury, says:

"The estimated cost of the war with Spain, including the Philippines, to June 30, 1900, is as follows:

"Army, \$284,750,000, Navy, \$79,500,000; Miscellaneous, including interest on war loan and payment of \$20,000,000 to Spain, \$30,750,000; Total \$395,000,000.

"The Department is unable to separate the expenditures made for war purposes in Cuba, Porto Rico and the Philippines."

The total amount collected from the people under the special War Revenue Act, up to July 1st, 1900, is \$210,000,000.

The amount of the Spanish war loan is, in round numbers, \$200,000,000.

The amount of GOLD in the Treasury is now somewhat in excess of \$430,000,000. This is the largest sum in gold ever accumulated in the United States Treasury and exceeds the total expenses of the war by \$35,000,000; and this is in GOLD ALONE, exclusive of the hundreds of millions of silver and paper money which has also accumulated in the Treasury.

Thus it is readily seen that the regular revenues of the Government during the past two years would have been sufficient to carry on our wars in Cuba and the Philippines entirely without the special war tax, which is thus shown to have been wholly needless in the first place and a more than a gratuitous burden upon the people now.

Perhaps the monstrous injustice and injury inflicted by this tax will be better understood when it is stated that the Treasury Department statements show that the amount of this tax collected from the people from January 1st to July 1st, 1900, is \$430,000,000. And this, too, with the enormous sum of \$430,000,000 in gold was being hoarded into the Treasury.

## Gov. Goebel's Will.

The last will and testament of the late Gov. William Goebel, of Covington, Ky., has just been probated at the Kenton county courthouse by Arthur Goebel, brother of the deceased. Arthur Goebel, the executor, inherits all the property of the late Governor. The will was written in 1886.

Mrs. Jane Pyle, whose house was burned Tuesday, has rented a cottage from Mrs. J. P. Thomas.

## Mrs. Pinkham

The one thing that qualifies a person to give advice on any subject is experience—experience creates knowledge.

No other person has so wide an experience with female ills nor such a record of success as Mrs. Pinkham has had.

Over a hundred thousand cases come before her each year. Some personally, others by mail. And this has been going on for 20 years, day after day and day after day.

Twenty years of constant success—think of the knowledge thus gained! Surely women are wise in seeking advice from a woman with such an experience, especially when it is free.

If you are ill get a bottle of Lydia E. Pinkham's Vegetable Compound at once—then write Mrs. Pinkham, Lynn, Mass.

## DISTURBED WORSHIP.

Crap Shooters Use Pistol to Shoots With.

Rev. J. L. Allensworth, county coroner, came very near having a fight with a group of craps shooters at Spring Hill Baptist church last Sunday. He went out to preach the funeral of the deceased pastor, Rev. Stephen Watt, and a shooting affair came up in the woods surrounding the church. It resulted from a game of craps and unknown parties opened fire on Lucien Davis. Nobody was hit. The coroner will prosecute the parties vigorously if he can find out who they were.

## A FEW FINES

Police Court Matters Dull This Week.

But little business has been disposed of in Police court since last report.

Jordan Baker was fined \$5.00 and costs for drunkenness and \$10 and costs for disorderly conduct and sent to the workhouse.

One offender was fined \$10 and costs for breach of the peace. Another was fined \$10 and costs for disorderly conduct.

Still another was fined \$5 and costs for profane language.

The Democratic campaign in Missouri was opened at Sedalia Tuesday with speeches by Adlai E. Stevenson and A. M. Dockery. The crowd was largest ever seen at Sedalia.

## FINE FOR BATHING

In The Reservoir of the Water Company.

The County Board of Health is after the bathers with a sharp stick and will stop the bathing above the pumping station of the water works. Many boys, white and colored, have been in the habit of "going-in-washing" in the deep water above the dam and persisted in their sport in spite of the warnings of the water-works people. The matter was reported to Judge Cansler, and Dr. J. B. Jackson, of the Board of Health, was sent out to make an inspection. He found that the practice was not adding to the purity of the water that is used for drinking purposes by many families in the city.

Dr. Jackson authorizes the announcement that the penalty for contaminating drinking water is a fine of from \$5 to \$25 and that the law will be enforced against all persons who may be caught hereafter bathing above the pumping station.

## NEW PRINCIPAL

Of The Colored Baptist College This Year.

The trustees of the colored Baptist college and normal school, located here, have secured the services of Prof. P. T. Frazier to succeed Prof. Sholner, who taught last year. The new professor will be assisted by his wife. He has recently been connected with Exeinstein Norton College, near Louisville. The new college building is 40x90 feet and has 27 rooms besides the chapel. It has been improved and new furniture has been purchased, which will begin Sept. 3. The college opened a year ago and had last session 130 pupils, most of them from out of town.

## SERIOUS CHARGE

Lodged Against a Young Man Who Was Drunk.

Geo. W. Morris was arrested this week and had an examining trial in the police court, charged with shooting at H. M. Dalton Monday night. He was held over under his own bond of \$200. Mr. Dalton was crossing "Billy Goat Hill" Monday night returning from his father's, when the offense is said to have been committed. It was due more to disorder than any real attempt to do violence, it is claimed, as the shots were fired while Morris was on a spree.

## The Negroes to Organize.

Henderson, Ky., Aug. 22. Leading negroes of this city have been aroused to a sense of the real situation as regards the negro race, and an effort will be made to organize a colored Democratic club in this city that the colored voters may have an opportunity to bear matters political discussed.

## IN THE WAKE OF WAR.

A Tale of the Carpet-baggers.  
By Verne S. Pease.

At last the south is vindicated for her course during this troublous and painful history known as Reconstruction. The Wake of the War, tells our story, makes defense and justifies our conduct. The world will now understand us, and the nasty old "bloody shirt" will be forever put to rest. In many features it is the best book ever written for the south.

The scene is laid in Middle Tennessee, during the years '65 and '71. While the events are given us, local coloring, they were common in every part of this afflicted section.

Every man and woman who lived through it will recall every vivid picture presented by the author; and the generation that have passed over the scene since those days will be interested to know what their parents passed through.

In addition to the historical value of the book there is a romance woven into it that will satisfy the most sentimental reader. Not a vulgar story with love spoken in every word, but one daintily in construction and beautiful in setting—one worthy of the romances.

No Southern home should be without a copy of "In the Wake of War," every fair minded person in the North ought to do so in the justice to read it. It is already a success and it will prove a book of general sale and wide influence.

No book published during the latter part of this Century combines so effectively a good interesting love story and good historical truth as this. It pleases the fancy and satisfies the reason.

In literary quality it belongs to the old school—elegant, precise and remarkable in construction. The diction is especially pure.

We do not now recall a book in which the southern character is more fairly and fully dealt with. Major Lewis and Colonel Grayson are not "Be Gaud, Sab" kind that have often appeared in literature to insult our civilization. Miss Mary Lee is no foolish, doll-faced thing, but a dainty, elegant, heroic, strong girl—a fair representative of her kind. All the characters are clearly drawn and perfectly suited to their parts.

The remarkable thing is that all was done by a man of northern birth and education. But Mr. Pease is of strong southern sympathies and lived amongst us for years.

Throughout the story is mingled humor and pathos without which no book can live. The humor is not strained, it flows easily and freely, to the product of a keen sense of the ridiculous.

To sum up all in one sentence: this book contains perfect description of well known characters, historical truth and accuracy, exquisite description of places and events, remarkable knowledge of southern people and their traditions, genuine romance, fearlessness and fairness of expression, originality, pathos, humor and perfect English composition. It is not written for one year; it will live and will become "Standard Literature." Price \$1.25. George M. Hall, Company Chicago and New York.

## IS SHIRT WAIST "PROPER?"

Novel Suit Filed in Chicago  
Against Proprietor of a Restaurant.

Chicago, Aug. 20.—Sol Bloom, a music publisher, to-day brought suit for \$50,000 damages against the Union Restaurant and Hotel in Randolph street for refusing to serve him while he was clad in a shirt waist and minus a coat.

This is said to be the first time the shirt waist question has been brought before a court. Attorneys for plaintiff contend that the defendant had no right to refuse to serve Bloom merely because he wore the latest style in men's garments.

The manager of the restaurant, when questioned regarding the refusal, said that patrons wearing shirt waists would only be served at tables adjoining the main dining-room unless wearing a coat.

Reunion of Married Couples.  
Auburn, Ind., Aug. 20.—A unique reunion, one seldom forth the life labor of a knotting divine, took place here to-day. Rev. W. L. Meese, of this city, is the originator of the movement, and this is the second reunion recorded. Some three hundred couples were present, all of whom were united in marriage by Rev. Meese. The social side of the gathering was very marked, all sections of the country being represented. The question "Marrying a Failure," which last year brought forth a strong negative was much accentuated by a vote taken; this year has made no converts.

Opposing candidates are naturally conflicting dates.

Beauty is born in the blood. Beauty is more than "skin deep," it is blood deep. When the blood is tainted by disease the flesh will follow and the skin will show it. Sallow or muddy complexion, pimples, blotches, and eruptions are only the surface signs of impure blood. Face washes, lotions, complexion powders, may palliate the evils but they cannot cure the disease. The only cure is to cleanse the blood of the poison matter which is the cause of the outbreak in the flesh and skin. Impure blood can be absolutely purified by the use of Dr. Pierce's Golden Medical Discovery. Its effect on flesh and skin is marked. Sores heal, pimples disappear. The skin becomes smooth, and regains its natural color. The eyes brighten and the whole body is radiant with the brightness and beauty of health.
